week of splendid entertainment is assured, as
the moving pictures, the performing dogs, the
vaudeville acts, together make up a show which
is hard to beat for the money. Tonight Maria

PRESIDENT TAFT has declared himself in favor of a Tariff bureau to be created at this session of Congress, when the Executive Committee of the Committee of One Hundred, created by the National Tariff Convention, recently held in Indianapolis, called at the White House to lay before the President the views of the Tariff Convention.

THE San Francisco Chronicle strikes this warning note: "The gentlemen now wrestling with the Tariff problem are being urged to reduce duties in order to increase the revenues. If they yield to the demand and the reductions invite the importation of foreign manufactured articles, which will have to take the place of things of the same character heretofore produced in this country, there will be music in the air. There was a time when such a step might have been taken without incurring much risk, but with the country filled with artisans demanding employment no program of the kind can be made to work successfully. If the Ways and Means Committee is wise it will find new sources of revenue in addition to the beer tax, or in duties on tea and coffee. It will not act wisely if it knocks the American worker."

CUTTING SCRAPE

In Market Street—A Tragedy Narrowly Averted

Yesterday about 12:30 o'clock G. W. Dale of Epworth, Lewis county, and Charles Farrow of Mt. Gilead had a misunderstanding over business affairs, which terminated in a combat, in which Dale was worsted, being knocked down and otherwise maltreated.

After the difficulty Dale visited several places, where he tried to borrow a revolver, and had he succeeded there certainly would have been a tragedy, being wrought up to a high pitch over his ill treatment.

Dale, still nursing resentment, after a lapse of twenty minutes, walked up to George Davenport, whom he mistook for Farrow, and plunged a knife into him, making an ugly wound. Fortunately the blade found lodgment in Davenport's arm instead of his heart, where the enraged man was evidently aiming.

Constable Marsh arrested both Farrow and Dale and took them before Squire Pickrell, who held Dale in the sum of \$100 for his appearance Thursday of next week.

THE REAL TEST

Of Herpicide Is In Giving It a Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair vipers may look nice and smell nice, but the point is—do they eradicate Dandruff and stop falling hair?

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Louisville is to have a May Music Festival May 6th, 7th and 8th.

Among the aspirants for the office of Collector of Internal Revenue in the Seventh District, now held by Hon. Samuel J. Roberts, are Charles Russell and Colonel Frank Cole of Ashland; C. H. Berryman and D. Gray Falconer of Lexington; H. C. Howard of Paris; H. B. Bryson of Carlisle, and L. F. Sinclair of Georgetown. It is said the indications are that the new Collector will come from Representative Bennett's District, the Ninth, and for this reason Russell or Cole's chances are regarded as favorable.

Union shoeworkers who have been idle two months on account of the Selby lasters' strike at Portsmouth, at a meeting Sunday, decided to remain out at all shoe plants.

The engagement has recently been announced of Miss Marie Sanford of New Castle and Mr. David R. Castleman of Louisville. Miss Sanford was a member of the bridal party at the Waller-Blatterman nuptials last month in this city and was much admired. The wedding will be solemnized on the afternoon of April 24th at New Castle.

Portsmouth Blade: "An important real estate trade was effected Wednesday when Dr. W. E. Gault traded his East Second street property for the Barton property on West Second street, which was formerly occupied by the P. C. C. Dr. Gault is to thoroughly remodel the property and will occupy it himself, as the location is a splendid one."

Circuit Court convened yesterday at Frankfort. It is probable that Judge Charles E. Booe, formerly Claim Clerk in the Auditor's office, who stole nearly \$40,000 from the State and is now serving a sentence of five years in the Penitentiary, will be tried on one or perhaps two more indictments against him. The plan of the prosecution now is to have one case tried and if the jury gives Judge Booe five years, in addition to his present sentence, it is probable that only one more case will be tried. It is probable that after Judge Booe has been sentenced to fifteen years the other indictments against him will be dropped and he will be let off with that term of imprisonment.

One of the largest crowds ever seen on a Court Day was here yesterday.

It reminded one of a Barnum show day. So dense was the mass of people gathered at the corner of Second and Market streets that at times it was almost impossible to worm your way through the crowd.

The lodestone that drew the people hither was the fact that the State National Bank and Mitchell, Finch & Co.'s Bank were paying over their counters \$450,000 Equity tobacco money, and the boys were here in person to receive the goods.

A stranger in town passing the two Banks at one of the busy periods, and not knowing the cause of the assemblage, would have immediately jumped at the conclusion that a run was being made on the money concerns, seeing so many people passing in and coming out with fists full of money.

In fact, it was a run on the Banks, but the money was there to supply all demands, and the lusty farmer walked away grinning and happy.

It was a great day and one long to be remembered. The horse show in Market street was well worth seeing, many beautiful thoroughbreds being paraded before admiring throngs of farmers and horse fanciers.

Two Factors

Other than the fabric make a garment worth the price demanded. Any tailor can give you good cloth in a garment—he need but pay for it. Few tailors can give you the good fabric plus the distinctive style and fine tailoring which identify Geo. H. Frank & Co.'s Clothing for Men.

\$10 to \$25

Style which is distinctive enough to be out of the rut, yet never loud enough to offend good taste. Tailoring which is good as head-and-hand can devise—good enough to hold the style permanent as long as the garment is in service.

Mr. Gustave Baumann, who married Miss Elizabeth Ryan of this city, died last Thursday in Chicago. Dr. John Barbour officiated at the marriage of Mr. and Mrs. Baumann at Richmond, Va., several years ago, and he was summoned to Chicago last Wednesday by the critical illness of Mr. Baumann.

L. H. Mathews, a farmer residing near Lexington, took umbrage when linemen of a traction line attempted to cut limbs from a tree belonging to him, that were interfering with wires of the traction company. Mathews, after warning the linemen, opened fire on them while they were going at rapid speed. The shot entered the car window, seriously wounding one of the linemen.

Warden Mudd of the Frankfort Penitentiary has under consideration a prison reform which, it is thought, he will soon endeavor to have enacted into a law. His plan is to have all prisoners under sentence of two years or less put to work on the roads, while the long termers are kept at work inside the prison walls. He would have them distributed in camps to the counties and work union hours. He thinks that under this plan Kentucky would soon have the finest roads in the country.

Mr. George W. Crowell's announcement appears in today's paper as a candidate for Mayor of the city of Maysville at the November election, 1909. To start with, Mr. Crowell is a well-balanced business man with a general practical experience. He has served as a member of Council from the Fifth Ward for fifteen years, and is now serving his sixth year as Chairman of the Internal Improvement Committee, one of the most important in the gift of the Mayor. That he stands well with his constituents his long service as a Councilman bears testimony. He has the make-up and is well qualified for the place and if elected will give a good account of his stewardship.

BIG CONTRACT

One Firm Undertakes Job of Shearing 85,000 Sheep

Think of one firm that will shear 85,000 sheep, and yet that is the contract just undertaken by Goelen Bros. of Cisco, Utah.

This firm has 40,000 sheep of their own, and will shear the remainder for other owners in that section.

There is a large shed under which is thirty patent shearing machines, propelled by a big gasoline engine. Along each side of this shed are pens in which the sheep are driven in and sheared after being caught by the shearer, who shears one sheep in about four minutes.

One man keeps tally of the number each man shears and it generally keeps this man on the jump to do this work. An expert shearer averages about 150 sheep per day, receiving 8 cents per head.

This shearing stand is owned and operated by Goelen Brothers and they shear about 40,000 sheep of their own, while they shear sheep for others at 13 cents per head. In all, about 75 men are employed.

EVER HAVE IT?

If You Have, the Statement of This Maysville Citizen Will Interest You

Ever have a "low-down" pain in the back? In the "small," right over the hips? That's the home of backache. It's caused by sick kidneys. That's why Doan's Kidney Pills cure it. Maysville people endorse this. Read a case of it:

Frederick Dresel, 1238 East Second street, Maysville, Ky., says:

"I consider Doan's Kidney Pills to be a most excellent remedy for kidney trouble and am only too glad to speak in their praise. About five years ago I was bothered by weak kidneys and the secretions were scanty and attended with pain during passage. Severe pains across the small of my back were frequent and at times greatly interfered with my work. While telling a friend of my condition, he advised me to use Doan's Kidney Pills and I procured a box at J. J. Wood & Son's Drugstore. I used them according to directions and they afforded me prompt and effective relief."

For sale by all dealers. Price 50 cents, Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
